5 UNITED STATES DISTRICT COURT
6 FOR THE WESTERN DISTRICT OF WASHINGTON
7 AT SEATTLE

8 Kaeli Garner, *et al.*,

9 Plaintiffs,

10 v.

11 Amazon.com, Inc., *et al.*,

12 Defendants.

CASE NO. 2:21-cv-00750-RSL

ORDER

13
14 This matter comes before the Court on plaintiffs' motion for leave to file an
15 opposition memorandum and request for a status conference. Dkt. # 271. The motion for
16 leave to file an opposition is DENIED as moot: the Court has already issued its decision
17 regarding the over-length brief issue.

18 The request for a status conference, in which defendants join, is also DENIED
19 without prejudice to the issue being raised again. The Court is aware that it is reviewing
20 documents *in camera*, and there is no reason to believe that a status conference will aid in
21 that task. Nor have the parties identified any dispute that is ripe for Court intervention
22 following an unsuccessful meet and confer or that could not be resolved through normal
23 motions practice. If, after the *in camera* review is complete, the parties have specific issues
24 or disputes they would like to discuss with the Court, they may renew their request for a
25 status conference and provide a proposed agenda for the Court's consideration.
